The Society of Women Engineers presents

Engage in Engineering *for girls!*

Campers and Volunteers at the 2016 Summer Camp at Bullock Creek

A one-day summer camp for 6th-9th grade girls in Midland, Bay City & Saginaw

Join us this summer as we explore the fascinating fields of science and technology. The Society of Women Engineers will hold three camps in June for Mid-Michigan girls entering 6th-9th grade. Girls will discover how 3D printers work and print their own objects, build their own solar cars, and explore the worlds of robotics and chemistry!

Camp Locations and Dates

Midland, MI	Bay City, MI	Saginaw, MI
June 17, 2017	June 23, 2017	June 24, 2017
8:30-3:30 PM at Bullock Creek Middle School	8:30-3:30 PM at Bay Arenac ISD Career Center	8:30-3:30 PM at Saginaw Valley State University

How to Register or Volunteer

1. Go to midmichigan.swe.org
2. Click on the registration or volunteer link in the top-left corner of the webpage. The deadline to register or volunteer is **June 1**.
3. The cost of the camp is **\$25** which includes lunch, snacks, a t-shirt, and take-home projects including a 3D-printed object.
